

Festive Meeting Packages

Mix business and pleasure successfully with our Festive Meeting Package. Available each December and also in the following January, it allows you to replace your event's catering with a festive meal for your delegates and even their partners.

Recognising that time is in short supply towards the end of the year, this option allows you to combine any sort of meeting with a modest Christmas celebration should your organisation not have the time for something specifically marking the season. You can rely on our expert service to ensure the work time is productive and the celebration is enjoyable. Rather than getting everyone together twice, once to work and once to celebrate, you could save time, travel and even money by holding the two occasions together.
